

Wolston NDP

Vision Statement

In 2031 Wolston will be a distinct, sustainable and vibrant settlement that retains its rural character overlooking the surrounding open countryside and River Avon. It will have a strong and inclusive community comprising people from all age groups and backgrounds that thrive and socially interact.

To deliver this Vision the Plan has the following Objectives:

Social

- Support delivery of appropriate residential development, with special reference to provision of homes to meet the identified local need;
- Promote a reduction in social isolation;
- Support provision of culture, leisure and sport facilities and activities.

Economic

- Develop and maintain a range of local services and facilities to support the needs of our community;
- Promote and enhance opportunities for local businesses to support a vibrant rural economy.

Environmental

- Embrace the principle of a low carbon future to help address climate change;
- Value and protect local heritage assets;
- Value and protect the natural environment and the surrounding rural landscape and views.
